

DD/M&S 74-3096

MEMORANDUM FOR: Chief, Cover and Commercial Staff

SUBJECT : Meeting with DD/M&S Office Directors

Erich:

1. Attached herewith are a number of memos which reflect the comments, experiences, or problems of various Offices in the Management and Services Directorate in areas relating to cover. Some of these issues are obviously more significant than others, but I do feel that an open exchange of views on 16 August 1974 will be therapeutic for all parties concerned. The item on training cuts across the Directorate and appears to have generated the most interest.

2. I have arranged to have these memos pulled together in a listing of nine topics, which might be used as an agenda for our meeting. As was mentioned earlier, we are not limited to this, and you might feel free to focus on any area where we might improve communications or develop a better understanding of the cover problem.

Jack
John F. Blake
Deputy Director
for
Management and Services
